- If you will be applying for a financial aid scholarship for your child to attend an Alphapointe Camp a Parent/Guardian(s) must attach a copy of their 2024 or 2025 Federal Income Tax Return(s). This is an absolute prerequisite to receiving financial assistance. We only need the summary section of the tax return (usually the first few pages), not all supporting documents. I have provided a link below that will help you determine if you think that your family will meet the U.S Federal Poverty Guidelines.
- Poverty Guidelines Link- <https://aspe.hhs.gov/poverty-guidelines>
- Students should also write a short letter explaining why the scholarship will help further their goals, education, or quality of life.
